"Fine birds make fine feathers," and Wilder's Sarsaparilla and Potash make the blood pure and healthy.

The month of January passed out of existence Thursday night with a terrific hailstorm. Probably "the eldest" inhabitant never witnessed just such another month taking it altogether, and probably but few desire ever to witness just such another. The suffering, distress, etc., throughout the country during the month, must have been immense. But it is gone forever—let it go.

**FREE TO ALL.**—We are in receipt of a handsomely illustrated Catalogue of Farm, Garden and Flower seeds, from Nauz & Neuner, Louisville, Ky. It contains 90 pages, giving description and prices of the best varieties of plants, garden and flower seeds, bulbs, roots, shrubs, small fruits and trees, and will be mailed FREE to all applicants. Goods guaranteed to be of first quality. See advertisement on first page.

A young man is made better by a sister's love and Fever and Ague are cured by **WILDER'S CHILL TONIC**—also malaria and periodical disorders.

The "Dixie Boy," published by Waddle Hudson at Lamar, Miss., will suspend for a short time, and at an early day he will publish a new paper at the same place to be called the "Industrial Tattler." He will be assisted in the publication of the paper by his father, Col. T. J. Hudson, who is "one of the solid men of the country," and we predict for the paper a brilliant success.

"A GREAT SENSATION."

Among publishers and manufacturers and business men, many inducements have been offered to the public for the purpose of promoting the introduction of various papers, or articles, but not one of them equals the extraordinary chance offered by the World Magazine. In enlarging the circulation of their widely-known and splendid monthly publication, they agree to send you the **World Magazine** for one year at the low rate of \$1, and will mail it postage free to you. This offer is an exceedingly rare one, as at this price The World will cost less than ten cents per copy. In addition to this, the publishers agree to give you an equal opportunity FREE in their Grand Prize Distribution, in which \$75,000 (seventy-five thousand dollars) will be distributed FREE to all new subscribers to the World Magazine. The company intend to distribute the \$75,000 free to their patrons merely as an advertisement. The prizes will be distributed fairly by a committee, and any subscriber to the World Magazine can secure a Grand Prize Subscription Ticket, FREE OF ANY CHARGE.

Address: THE WORLD MAGAZINE, 38 and 40 Dearborn Street, Chicago, Ill. They offer liberal inducements for those who get up clubs. Any one sending them a club of five subscribers will receive a yearly subscription to the World Magazine and a prize number and receipt free.

Wherever Consumption prevails there Wilder's Wild Cherry is needed. It never fails to cure.

Public Acts

We commence to-day the publication of all Acts approved by the Governor, of a public nature—such as laws changing terms of courts, granting certain powers to Boards of Supervisors, etc. Acts amending charters of towns, private corporations, personal relief bills, etc., will not be published except in the regular volume of laws. Thus far, very few laws of a public nature have been passed, but we will endeavor to publish as fast as they reach the office of Secretary of State.—Clarion, 31st.

**Vick's Floral Guide.**—Here it is again, brighter and better than ever; the cover alone, with its delicate tinted background and its dish of gracefully arranged flowers, would entitle it to a permanent place in every home. The book contains three beautiful colored plates, is full of illustrations, printed on the best of paper, and is filled with just such information as is required by the gardener, the farmer, those growing plants, and every one needing seeds or plants. The price, only ten cents, can be deducted from the first order sent for goods. All parties any way interested in this subject should send at once to James Vick, Rochester, N. Y., for the Floral Guide.

Col. Ingersoll to a Western reporter: "Why, anybody can be President now. Look at Arthur! The government runs itself."

Kill worms in children with **Wilder's Mothers Worm Syrup.**

We are indebted to J. R. Dobyne, superintendent, for the third Biennial report of the Mississippi Institution for the Education of the Deaf and Dumb, located at Jackson, Miss., for the years 1882-'83. This report was set up and printed by the deaf-mute boys of this institution. It is a pamphlet of 82 pages and is a well executed job. A competent printer made up the forms, but with that exception the work was done by deaf-mutes, whom it is proposed to make competent printers.

Does death end all? Well, no; but **WILDER'S STOMACH BITTER** ends all Indigestion, Constipation and Biliousness.

The first of February (yesterday) was a beautiful day, and it is to be hoped we will have many others of the same sort before the month expires.

We had a total failure of the mail between this place and Middleton yesterday.

**DR. JOHN BULL'S Smith's Tonic Syrup FOR THE CURE OF FEVER and AGUE Or CHILLS and FEVER, AND ALL MALARIAL DISEASES.**

The proprietor of this celebrated medicine justly claims for it a superiority over all remedies ever offered to the public for the MALARIAL, CHILLS, FEVER, and FEVER, whether of short or long standing. He refers to the entire Western and Southern country to bear his testimony to the truth of the assertion that in no case whatever will it fail to cure if the directions are strictly followed and carried out. In a great many cases a single dose has been sufficient for a cure, and whole families have been cured by a single bottle, with a perfect restoration of the general health. It is, however, prudent, and in every case more certain to cure, if its use is continued in smaller doses for a week or two after the disease has been checked, more especially in difficult and long-standing cases. Usually this medicine will not require any aid to keep the bowels in good order. Should the patient, however, require a cathartic medicine, after having taken three or four doses of the Tonic, a single dose of **BULL'S VEGETABLE FAMILY PILLS** will be sufficient.

**BULL'S SARSAPARILLA** is the old and reliable remedy for impurities of the blood and skin diseases—the King of Blood Purifiers.

Magic No More a Mystery—Seen from Across the World.

"Haroun of Aleppo," said Sir Philip Dervyl, "had mastered every secret in nature which the nobler magic seeks to fathom. He discovered that the true art of healing is to assist Nature to throw off the disease—to summon, as it were, the whole system to eject the enemy that has fastened on a part. His processes all included the reinvigoration of the principle of life."

In this the Eastern sage merely anticipated the practice of the best physicians of to-day. What life itself is, nobody knew then—nobody knows now. But we have learned something of the reasons why the mysterious tide rises and falls. Provided the great organs of the body are not irreparably destroyed, medical science can always relieve, and often save. Yet no reputable physician now adheres to the barbarous and stupid processes of depletion, such as bleeding, by which it was attempted to cure disease by reducing the patient's ability to resist it. Now a days we do not tear down the fort to help the garrison—we strengthen it.

In this intelligent and beneficent work, it is conceded that **PARKER'S TONIC** leads all other medicines. As an invigorant it acts immediately and powerfully upon the circulation and the organs of digestion, thus giving Nature the assistance she calls for. It follows that all ailments of the stomach, kidneys and liver are at once relieved or cured. No other preparation embodies the same qualities or produces similar results. It is delicious to use, and the best known anti-intoxicant. Price 50c and \$1. Hiseox & Co., New York.
